Order a sack of Purity Flour to-day and note the result. It's dollars to doughnuts she will do better with her first baking from it.

Tobacco Growers Meet.

The Bourbon county tobacco growers held a large and enthusiastic meeting yesterday afternoon at the court house, President J. A. LaRue presiding. The meeting was called for the growers to take action in regard to instructing Mr. J. A. LaRue how to vote at the meeting of the District Board, which is to meet in Winchester today.

Hon. S. G. Clay made a motion that Mr. LaRue be instructed to vote for the pool. Mr. J. H. Holt offered a substitute to Mr. Clay's motion, that the pool be declared off, which was defeated. Mr. Clay's motion prevailed.

After much speech making Mr. LaRue was instructed to vote for extension of twenty days time to get more to enter the pool.

Up to yesterday there had been 2,600 acres pooled in Bourbon county. This leaves about 3,000 acres on the outside.

Meeting of School League.

The School Improvement League will meet in their rooms at the court house Saturday afternoon at three o'clock. A report of the proceeds of the fair dinner will be made, and other important business will be transacted. All who are interested in the rural schools please attend.

RELIGIOUS.

—Rev. M. T. Chandler will preach at Beasley's school house at 4 o'clock Sunday afternoon and Sunday school at 3 o'clock. All are invited.

—Bishop Burton will hold services at St. Peter's Episcopal church, Sunday morning at 10:45 o'clock.

—The Quarterly Communion Services will be held at the Second Presbyterian church on Sunday morning. Preparatory services on Saturday morning at 10:30 o'clock.

—Acting in harmony with sister congregations all over America, Sunday will be "Decoration Day" at the Christian church. Services of unusual interest to all the members and friends of the church are being planned by the pastor, Elder Carey E. Morgan. He hopes to make it one of the great days in the churches life. The theme in the morning will be, "When the Scriptures Speak We Speak; When the Scriptures are Silent, We are Silent." At night at 7 o'clock Brother Morgan will preach his annual sermon on "The Home." This is a theme of universal interest and is sure that many of the homes of our city and county will be represented in the audience.

Examining Trial.

W. H. Lucas and William Daily, charged with the murder of Wm. Sagaser, were given a hearing before Judge Denis Dundon Wednesday morning at 9 o'clock. The defendants were represented by Attorneys Jos. Finkel, of Cynthiana, and J. J. Williams, of this city.

The most important witnesses for the Commonwealth were Clarence Preble, Pearce Frank and Wm. Stone who were in company with Sagaser at time of the killing. The testimony showed about same facts as told in our notice of killing in last issue, with the exception that Daily was not connected with the killing.

No testimony was introduced by the defendants. Mr. Williams asked for the acquittal of Daily, which met with the approval of County Attorney Moore. Judge Dundon then acquitted Daily and held Lucas to Circuit Court without bond.

Officer Elgin then asked for a warrant for Daily for carrying concealed weapons, which charge Daily plead guilty and was fined \$25 and ten days in jail.

PRIMROSE MINSTREL.

—George Primrose and his mammoth minstrel company will hold high carnival at the Paris Grand, Thursday, Oct. 7, giving a genuine high class, black faced minstrel entertainment. The company this year numbers sixty comedians, singers and dancers. The big second part this year contains a number of interesting and decidedly funny novelties, opening with a humorous sketch in which all the company will participate, followed by Gov. Bowen, the party from Kentucky, with a new bright monologue and some very clever parodies.

The Polar Climax.

In the span of a few days the public
of America, and that of the world, has
been electrified with the news of a
marvelous exploit, says the National
Monthly. The North Pole has been
discovered. The goal of the ages is
attained. On it are planted the stars
and stripes. It is an American achieve-
ment. It places the names of Cook and
Peary side by side on a pedestal of
honor. It is a consummation, which,
at first blush, swallows up all other
feelings in a thrill of patriotic pride.

Would this editorial could end right
here. It is a pity that the splendor of
a magnificent feat should be overcast
by the shadow of controversy, that the
wine of congratulation should be tinct-
ured by the burning infusion of per-
sonal bitterness. But such is the fact.
Peary disputes Cook's claim to Arctic
honors. It will be impossible to pass
a decisive verdict on the case until
both explorers are heard in full, and
all the circumstances placed before
the scientific world and the general
public.

But the liberal, the generous senti-
ment, the instinctive feeling of the
mass of the people, is to accord recog-
nition to the achievements of both
men, to take a justifiable pride in them
both, and to impartially distribute the
honors and the rewards due to indom-
itable perseverance, to daring hardly
equaled and not surpassed by that of
the field of battle, and to a resource-
fulness, truly and distinctively Ameri-
can.

Prosperity of the Farmer.

This year we shall raise three bil-
lion bushels of corn. It is hard to
realize what that means, says a writer
in Success Magazine. It is a harvest
greater even than the bumper crop of
1906. These three billion bushels will
be worth to the farmer over a billion
and a half of dollars, or over three
times as much as the corn was worth
in 1896. Last year the value of all
farm products in the United States
were worth less than four billions, to-
day they are worth twenty-eight bil-
lions. This is more than the entire
wealth of America in 1850. In 1850
the farms of the United States were
worth less than four billions, today
they are worth twenty eight billions.
Every day the farms of the country
are worth \$3,400,000 more than they
were worth the day before.

It is a good thing for the people at
large that the farmers are getting
their share of the general increase in
wealth. The eight billion dollars that
they get each year amounts to only
seven hundred dollars apiece when it
is distributed over all the farmers and
farm laborers in the country. But the
per capita amount is growing and is
bound to grow still more.

During the next twenty years we are
going to see a great revolution in
farming. Agriculture is to be more
intelligent and more intense, new
plants are to be introduced, a better
use is to be made of the land, and an
acre will produce twice as much as it
now produces. The benefit of this new
production should not be monopolized
by railroads, elevator companies and
harvester trusts. It should go to the
farmers and to the people, and it
should show itself in better food, cloth-
ing and housing and in more wide-
spread education for the great mass of
us.

A Socialist View.

(From Appeal to Reason.)

This is rich. The tobacco trust, a
criminal organization, a convicted

felony, has sued the tobacco raisers of
Kentucky for \$135,000, damages, alleg-
ing that the Burley Society is a con-
spiracy in restraint of trade, and that
the trust was forced to buy tobacco at
18 cents a pound when it was worth
only eight cents. The Sherman anti-
trust law that was alleged to have
been framed to prevent the organiza-
tion of capitalist trusts, is the club be-
ing used—and doubtless the federal
judges will grant the judgment. Why
not arrest the tobacco trust for selling
its tobacco at 50 cents when it is
worth only eight according to its own
petition. But the law does not work
that way. It works only against the
useful member of society. Why was
the trust forced to buy the tobacco?
Who forced it? Under what statute
was it compelled to pay more than it
was worth? It could have let the to-
bacco alone and gone out of business.
When the work people demanded more
bread for their toil and quit work
rather than starve working, the law
never helps them—except to help them
off the earth via the bullet route as in
Homestead and McKee's Rocks. Won-
der if the tobacco raisers will ever get
wise enough to elect men to run the
State of Kentucky who will have the
State erect the tobacco factories and
manufacture their products into mar-
ket shape? If they do not, then they
deserve to have the continual squab-
bles with the trust—and they will have
them, all right. The interests of the
trust and the interests of the tobacco
raisers are diametrically opposed and
never can be harmonized. It means a
warfare until one or the other is de-
stroyed. Which should prevail—the in-
terests of the hundreds of thousands
of tobacco farmers or the interests of
the small group of corporation owners
who have conspired to rob the producer
on one hand and the consuming public
on the other? It is up to the men who
have the votes. Until they are intelli-
gent enough to use them they are
going to be beaten. Ignorance never
did control intelligence—and never
will.

The Corset Trust.

Now the corset trust has taken a
steel ribbed grip upon the neck of the
down trodden and garroted it with lin-
en strings. But the squeezed and gasp-
ing common people have found a
champion. A Chicago dispatch to the
Cincinnati Enquirer says: "The Re-
tailers' Commercial Union has come to
its rescue with lance in rest and deter-
mined to enforce the rule of trade that
'Free strings go with the corset.' At
the Grand Pacific hotel today a shot
was fired that will be heard around
the world. It was this: 'Resolved,
that a corset lace is a part of the origi-
nal construction and as necessary to
the corset as laces in a shoe or buttons
on a man's trousers and coat, and
should not be considered a by-product
for which extra charge could not be
made; and that we vigorously condemn
all manufacturers in the corset trust
for refusing to include a pair of laces
in the sale of each corset.' Liberty
shrieked for several hours before the
declaration of war was compiled, but
all the speeches were on the one side.
It was a meeting of the executive
committee of the union which has for
its purpose collective buying by retail-
ers in the Middle West. The pull back
on corset strings was denounced by
President W. E. Genner, of Farming-
ton, Iowa, as unfair, unjust and illegal
and an injury to the middle classes
and laboring people who stand the bur-
den of the extra cost. 'A long pull
and a strong pull and a pull all to-
gether on this corset string thing, and
we'll break the trust's backbone,' said
another speaker."

Remedies are Needed

Were we perfect, which we are not, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other Intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature

Dr. Pierce's

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

W.B. Reduso CORSETS

The Perfect Corset for Large Women

It places over-developed women on the same basis as their slender sisters. It tapers off the bust, flattens the abdomen, and absolutely reduces the hips from 1 to 5 inches. Not a harness—not a cumbersome affair, no torturing straps, but the most scientific example of corsetry, based in such a manner as to give the wearer absolute freedom of movement.

New W. B. Reduso No. 770 for large tall women. Made of white coutil. Hose supporters front and sides, also made in batiste. Sizes 20 to 36. Price \$3.00.

New W. B. Reduso No. 772 for large short women, in the same as No. 770, except that the bust is somewhat lower all around. Made of white coutil. Hose supporters front and sides. Also made in batiste. Sizes 20 to 36. Price \$3.00.

State Fair a Success.

While the tabulation of the receipts and expenditures of the Kentucky State Fair has not been completed an incomplete reports that a profit of considerably more than \$10,000. J. W. Newman, Secretary of the Association, says that it may show a profit of \$15,000. He knows now that it will exceed \$10,000, and he said that he would willingly give his check for that amount of the profits. Mr. Newman has just returned from Nashville, where he spent several days at the State Fair and he and L. B. Shropshire, assistant secretary, will get right down to work to finally close the work of the Association for this year. A complete report of receipts and expenditures will be made next week.

How a War Set a Fashion.

The calabash pipe is one of the after results of the South African war. To supply the demand to which popular taste has given rise quite an industry has grown up in South Africa, where the farmers are regularly planting calabash specially for pipes, while planting is already being carried out in the south of France and even in Australia.

Great Men of Low Birth.

Many of our greatest men were the sons of obscure parents. Thomas Moore was the son of a grocer, Rembrandt of a miller, Euripides of a fruiterer, Virgil of a baker, Horace of a freed slave, Anaxot of a carrier, Voltaire of a tax-gatherer, Lamontagne of a hatter, Sixtus the Fifth of a swineherd, Fletcher of a chandler, Massillon of a turner, Tamerlane of a shepherd, Rollin of a herdsman, Rousseau of a watchmaker, Mollere of an upholsterer, Ben Johnson of a mason, Shakespeare of a butcher, Sir Thomas Lawrence of a custom-house officer, Collins of a hatter, Gray of a notary, Beattie of a farmer, Edward Sugden of a barber, Keats of a liveryman.—Scrap Book.

A Constipation Remedy Free

There is no action of your daily life of greater importance than to see that your bowels move. They should move at least once a day naturally, and by that is meant without any help. If they do not move at least once a day you can consider yourself constipated and it is time you did something about it.

You will be glad to know there is a way out of the difficulty. Lemuel Landerdale, an old soldier at Quincy, Ill., Elmer McMillan, of Speed, Mo., Mrs. Monahan, of Stonewall, Miss., and many others were as you are now. But one day they awoke to the fact that Dr. Caldwell's Syrup Pepsin was curing their friends, so they bought it too and it cured them. Today they are loud in praise of it.

What Dr. Caldwell's Syrup Pepsin did for them it should do for you. Surely your constipation is no worse than theirs, one of whom had it since '61. It only remains for you to realize that salts are of but temporary good, and what you want is a permanent cure; that purgative tablets, cathartic pills and such violent things make a great show of doing something, but do nothing that is lasting. Dr. Caldwell's Syrup Pepsin is a scientific preparation, a laxative-temic, a mild syrupy liquid that contains ingredients that not only cure the constipation, but tone the intestinal muscles so that they learn again to work without help. A bottle can be bought of any druggist for the small price of 50 cents, and there is a dollar size for families who have already found out its wonderful value in stomach, liver and bowel troubles, in old or young. Send your name and address to the doctor and a free trial bottle will be sent you so that you can test it before buying.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. E. Caldwell, 500 Caldwell bldg., Monticello, Ill.

YOU WILL BE PROUD OF A KENYON OVERCOAT

because it never loses its shape until you need a new one. Style and Fit—as well as wearing quality—are never lacking in Coats that bear the Kenyon label. They are the kind of Overcoats that not only feel comfortable and cozy—but look right all the time.

Kenyon Overcoats are made in a factory—not a sweatshop—where the art of coat-making has reached perfection. Only tested fabrics are used and every coat is carefully made by an expert workman. Ask your dealer.

—The mother of Dr. W. V. Huffman died Tuesday afternoon at the home of her niece, Mrs. Cox, of Elizabeth. She was stricken with apoplexy Sunday from which she never rallied. Burial Wednesday afternoon at Berry. Among those who attended the funeral from here were Dr. Huffman and family, Mr. F. F. Hurst, and Elder W. A. Gardner.

—The Ebenezer Presbytery of the Presbyterian church convened here at 7:30 Tuesday evening. About thirty representatives and visitors were present, most of them arriving on the afternoon and evening trains of Tuesday.

At the appointed time the Presbytery was called to order by the retiring moderator, Rev. Rhodes, of Washington, Ky. The house was well filled with spectators. After a short song and prayer service Rev. Rhodes preached an excellent sermon, after which the Presbytery was declared formally opened.

Dr. H. M. Scudder, of Carlisle, Ky., read the roll call of churches and the visiting representatives. Then followed the election of moderator. Mr. J. C. Cowan, of Augusta, Ky., was placed in nomination and as there was no other candidate it was moved and seconded that his nomination be made unanimous.

After the appointment of a few committees by the chair the Presbytery adjourned until 8:30 Wednesday morning, at which time it was again called to order by Moderator Cowan. After the preliminary services a short time was spent in reading communications and forming committees to act upon them.

The only ones creating any interest was one from the general assembly asking that the Presbytery take some action and make some request concerning chapter ten, sections 4, 5 and 6 of

the confession of faith. Another was the communication concerning home mission work which showed that only fourteen out of twenty-nine churches of the Ebenezer Presbytery had responded to this call. This was also referred to a committee.

At eleven o'clock, Dr. Shive, of Paris, Ky., preached an able sermon which was enjoyed by the large audience. Dr. Shive is a man of ability. He is a forcible, logical and concise, carrying his audience wherever he leads them.

At 12:10 the Presbytery took a recess until 2 o'clock all retiring to the basement of the church where an elaborate and bountiful lunch was served by the ladies, at the close of which Dr. Scudder, of Carlisle, in a neat and humorous address extended a vote of thanks to the ladies in behalf of the Presbytery.

The afternoon session of the Presbytery was called to order at 2 o'clock and after a brief song and prayer service, the examination for the ministry of Mr. Eli Adolphus Thomas was begun and lasted about an hour. He passed a creditable examination, which was accepted at the same time receiving a call from the Moorefield and Mayslick churches which was also accepted.

The commissioners to the next General Assembly were appointed: Rev. W. W. Evans, Altrenate, Rev. W. W. Avers, Ruling Elder, J. F. Gebbert, Augusta church, Altrenate, Martin M. McNight, Washington.

The committee to revise Section 4 of Chapter 10 of the Confession of Faith made its report and advised the General Assembly to strike out the word elect in two clauses. This created quite a lively discussion. After some heated argument, the motion carried.

At 4 o'clock Rev. Eli Adolphus Thomas was received from the East Alabama Presbytery and read his examination sermon which was accepted. The hour from four to five was spent in the hearing of committees, which was of little interest outside of the ecclesiastical body.

At 5 o'clock the Presbytery took a recess until 7:30. The evening session was called to order by Moderator Cowan and after a short session of miscellaneous business the program of the hour was taken up, the devotional exercises, Rev. R. S. Sanders pastor of Millersburg church in a neat address introduced Col. Bennett H. Young, of Louisville, who spoke for an hour on "Home Mission Work." He was greeted by a large audience. Col. Young does not come before us a stranger many of our people have heard him on other occasions and knew what to expect. His points were well taken, and in that characteristic style which is peculiarly his own. All his illustrations were Civil War stories, which made his address the more interesting to the large part of his audience. Out of every story he gleaned some helpful truth, which was applicable to the occasion.

At the close of his address after prayer by Dr. Scudder, of Carlisle. The Presbytery adjourned sine die to meet in call session during synod at Lexington. All the representatives left on the morning trains of Thursday for their homes.

A Shower Party.

Misses Lucy and May Colville, who have for a number of years been making their home with Mr. and Mrs. Amos Turney, have rented one of the flats in the Robneel building and intend to go to housekeeping. On Wednesday evening, when the Misses Colville were spending the night with Mrs. J. Frank Clay, on Pleasant street, about sixty of their warm, personal friends called upon them in a body and showered them with presents of every description, numbering in all over a hundred. The presents consisted of everything that goes to furnish a house and to go to housekeeping with. The ladies were overcome with the kindness and thoughtfulness of their loving admirers and friends, and the shower party will long be green in their memory.

Base Ball Gossip.

It is announced by President Hammond that he has just received letters from two prominent Louisville men, who want to secure a team in this league.

Manager Tommy Sheets of the Lexington club has reserved all of his old men for the next season with the exception of Pat Downing who is not subject to reserve.

A glance through the names of men in the official averages of the Blue Grass League this year will show players who came here from leagues supposed to play faster ball than is played in a class D. organization who failed to make good down here.

The Paris club has reserved the following players for 1910 season: Pitchers—Poole, Schenck, Simms, Dugger and Winchell; Catchers—Elgin, Bevan and Goldman; Infielders—Scott, Seeback, Barnett, Regie; Outfielders—Franklin, Nippert, Ochs and Kaiser.

Harper, of the Lexington Colts, Dugger, of the Paris club and Ange-meier of the Frankfort team, will probably play with Little Rock of the Southern League next season. Manager Mique Finn of that club wrote President George I. Hammond last week asking about the playing of two of these men and asking for the name of another good man.

News has come that Maysville has purchased a franchise in the Blue Grass League. The purchasers are Umpire Piepho and Mr. J. Ferling. The exact price paid was not given out, but it is understood that the franchise and the bond that is to be forfeited if the season is not played through aggregate two or three thousand dollars. Mr. Piepho it was also understood, will go to Mt. Sterling to see if arrangement cannot be made for getting a franchise for that town.

President Hammond has declared that under no circumstances will he accept the presidency of the league next year although he intends to take an active interest in base ball in Central Kentucky. The directors of the league will not meet without a later call till November 10, when the annual meeting for the election of officers will be held. This meeting is always held in the town that supported the winning team, and the pennant is awarded officially to the club. A schedule committee will also be appointed at the meeting in Winchester to arrange the games for next year. Two or three other towns want to enter the circuit and their representatives will be present with the directors to present their claims, which may result in an eight club league next season.

At the recent meeting of the stockholders of the Paris Base Ball Club the financial report showed that a total of \$1,910 worth of stock had been sold, which was paid for in cash, and after declaring every dollar of indebtedness had been paid, and a dividend of 10 per cent to the stockholders, the net sum of \$2,073 was left in the treasury to begin the fight for pennant honors in 1910.

The total receipts of the club from all sources were \$15,817.31; expenditures, \$13,826.50. Total receipts on home grounds were \$10,945.25, of which amount \$5,185.50 was from Sunday games, showing that if the club had not played Sunday ball

the adventure would have come out in debt to the amount of \$3,112.50.

The receipts of the club away from home aggregated the sum of \$3,468.15, which showed that the Bourbonites were a better drawing card away from home than visiting clubs were on the local grounds.

In addition to the excellent showing as told by the above figures the club could refund the amount of the original stock have nearly \$400 left in the treasury, besides the improvements at White Park, which cost more than \$1,000 and a franchise worth several hundred dollars more.

STOCK, CROP AND FARM NOTES.

—W. G. McClintock sold a bunch of thirty-five head weanling mules colts, sex equally divided to Robert C. Talbott for \$65 per head.

—B. F. Stipp, of Clintonville, sold to James Baldwin eighteen head of butcher cattle at four cents and sold three head of feeders to W. W. Whaley at 42 cents.

—Charles Martin and Layson Tarr, of Millersburg, and Ben Wright and Nuck Clark, of Sharpsburg, bought 52 mule colts in Mt. Olivet at an average of about \$70 per head.

—Mrs. Jennie Arthur sold her farm of 130 acres lying near Headquarters, to Sam Berry, of Bourbon, for \$15,000. Since Mr. Berry has purchased this place he has been offered a handsome profit by a Harrison county farmer.

—James B. Haggin, owner of the Elementorff estate near Lexington, has signed his crop of Burley tobacco to the pooling movement, thereby the leaders think assuring the success of the pool.

—The first sale of the new crop of Burley tobacco in the Cincinnati market took place Wednesday. Two hogsheds of fine Carroll county leaf were offered, one, red leaf, brought \$13.75; the other, colory lugs, \$14.75.

—Two hundred dollars a ton for broom corn is now predicted by men in the trade. At Arcola, Ill., farmers have refused \$170 in the field. The price Tuesday was \$100. Buyers are frantic while the farmers are standing pat.

—The Cynthiana Democrat says it is informed that mule colts this year are being held at least \$10 higher than they were last year. The demand is strong. Farmers seem to be in good financial condition and they have plenty of grass and feed. If the buyers show an inclination not to pay the price asked, Mr. Farmer takes his colt back home and waits. That is what you call "Independence."

—At Mt. Sterling, Monday, about 6,000 head of cattle were sold. The best 1,000 pound steers brought 42 cents. Heifers brought from 3 to 3 1/2 cents, with some fat; ones bringing 4 cents. There was considerable activity in the mule market, several sales of big heavy mules being made, with many suckling mules changing hands, the price being paid for the latter ranging from \$80 to \$100, with two extra good ones selling at \$110 and \$115. Some few sheep were sold, the prices ranging from \$5.50 to \$6.10 per head.

—The following tobacco sales have been made this week: L. J. Fretwell, 40,000 pounds to B. F. Buckley at 12 1/2 cents per pound straight; William McCray of North Middletown, bought at Little Rock, this county, of J. H. Hopkins, 4,500 pounds at 12 cents straight, of Thomas Sledd 7,000 pounds at 12 cents and of George Chipley 7,000 pounds at 12 1/2 cents; Abnee & Mussion bought other crops of tobacco from Marion Hall 10,000 pounds at 11 cents, from John Buckner 7,000 pounds at 10 1/2 cents and from James Hill, of Hutchison, 10,000 pounds at 11 cents.

True and Patient Work.

An idea arrives without effort; a form can only be wrought out by patient labor. If your story is worth telling, you ought to love it enough to work over it until it is true—true not only to the ideal, but true also to the real.—Henry van Dyke.

Taft Dropped 1,200 Feet.

Attired in a linen duster, an old black slouch hat and swinging an electric lantern at his side, President Taft was locked in a narrow iron cage and dropped 1,200 feet through midnight blackness into the depths of the famous old Leonard copper mine at Butte, Tuesday. He had the rare experience of seeing miners at work with a giant drill in a vein of high grade ore that sparkled green with its wealth of mineral.

When he had ascended with a whiz, after half an hour underground, the President, blinking in the glare of the noonday sun, was cheered to the echo by the crowd of curious people gathered at the hoist. He declared enthusiastically: "I would not have missed it for the world."

A Truthful Remark.

The following is a very truthful remark: "The man who grows up in his native town is regarded as a boy by his elders until he is well started down the declivity of life that ends in a hole. The stranger who comes into a place is more often pushed to the front than the young man, who has grown up with the town. This is the reason why so many young men become dissatisfied with their home surrounding and long to cast their lot in other quarters."

"Forefathers Day."

At various points in the State Sunday "Forefathers Day" in the Christian church was observed with memorial services out of respect for the memory of Pioneer leaders in the church. The celebration of the event was occasioned by this being the one hundredth anniversary of the founding of the church by Thomas and Alexander Campbell, Barton W. Stone, the Rogers family and others. One of the principle services was held at Old Cane Ridge, this county, the pioneer church in Kentucky, where Elder J. H. MacNeill, of Winchester, conducted the services.

The Highest Price.

A press dispatch from Chicago says: It should be a time of jubilation for swine producing farmers in this country. The last week's sale of hogs show another \$8.60 top, and a very large percentage of the good hogs selling at the Chicago market at \$8.20 and \$8.45. These prices are, in the minds of some of the oldest and best informed buyers in the trade, the highest in general average paid at this market since war times. As long as twenty-seven years back in the year 1882 packers paid as high as \$8.30 for a few loads of fancy fat backs, but in the opinion of the same buyers who paid up to that figure for big fancy hogs at that time, present prices for the season paid here since the war.

reach the diseased portion of the ear.
There is only one way to cure deaf-
ness, and that is by constitutional
remedies. Deafness is caused by an in-
flamed condition of the mucous lining
of the Eustachian Tube. When this
tube is inflamed you have a rumbling
sound or imperfect hearing, and when
it is entirely closed, deafness is the re-
sult, and unless the inflammation can
be taken out and this tube restored to
its normal condition, hearing will be
destroyed forever; nine cases out of
ten are caused by Catarrh, which is
nothing but an inflamed condition of
the mucous surfaces.We will give one hundred dollars for

catarrh, that cannot be cured by Hall's

Money Will be Ready.

There has been considerable apprehension that the money due the teachers in October would not be ready, but the State Treasurer has announced that he has secured it and that the teachers will be paid at that time. About half a million dollars will be disbursed.

Quake Shock at Frankfort.

So far as has yet been learned, no one in Paris felt the earthquake shock early Monday morning, but several at Frankfort did. They described it as a distinct shock, the house shaking and even the bed rocking so much that several people who were sound asleep

were awakened were sure the houses would be shaken from their foundations.

This was the first distinct shock that has been felt in Frankfort since the Charleston earthquake many years ago. At that time the vibration of the houses awakened all those who were not awake and the windows rattled

more loudly than if a strong wind storm had been blowing. Those who were not awakened by the shock Monday morning are somewhat skeptical about it and say that it was all in the imagination of those who heard it, but there is no doubt that a distinct shock shook the city of Frankfort at the hour mentioned though it was not nearly so

heavy or distinct as the Charleston earthquake shock.
